ADVANCED PROCEDURES

DMK Paramedical Skin Revision

Established over 40 years ago by Dame Montague King, DMK is now used in over 30 countries worldwide by Doctors, Dermatologists and Beauty Therapists. A revolutionary skin rejuvenation concept that has the ability to deliver phenomenal results! Start your journey to great skin with DMK.

*DMK paramedical therapy works on the structure & function of the skin. While cosmetic treatments work topically on the surface of the skin, paramedical treatments address skin on an internal cellular level to improve overall skin function.

*DMK formulations are pharmaceutical grade, meaning they have a more concentrated ratio of active ingredients. Most cosmetic products have a low ratio, lacking active ingredients needed to instigate lasting change. The most effective formulations are made from a highly refined combination of botanical and pharmaceutical grade ingredients.

*DMK treatments will aim to – improve overall skin function, tighten the skin, tone and tighten the facial muscles, revise the signs of ageing and environmental damage, revise pigmentation and dark circles, hydrolyze to remove fine lines, wrinkles, rosacea, acne and restore natural tone and colour.

*A treatment programme is required to achieve optimal results. Length of courses will depend upon each individual client & skin conditions. Prices & duration will be discussed at consultation.

Consultation & Skin Analysis £25.00

A consultation is recommended prior to and DMK first time treatment, this includes a thorough cleanse, skin examination, treatment and home care prescriptive suggestions. The cost of the consultation is redeemable against any DMK purchases on the day.

DMK Skin Nutrition Treatments £45.00

A range of relaxing facials which utilize the unique DMK Transepidermal Delivery System to get active ingredients to the target area. They are designed for clients who are looking to be pampered, rather than an intensive solution to skin revision. An ideal introduction to the DMK concept.

Hydrocell For plumping up sagging, wrinkled or dehydrated skins.

Desensitise Reactive skin with redness, heat, itching, eczema, psoriasis or rosacea.

Hydro-Desensitise Very dry & reactive skins.

Destress Fragile capillaries, rosacea & reactive skins.

Pigment Regulating Uneven skin tone, dull, devitalised skin.

Detox Congestion, blackheads & pimples.

Detox Sebaceous Oily, acne.

Quick Mini Peel Reactive skin suffering from acne, fragile capillaries, rosacea & poor circulation.

Ultimate Eye Treatment Fragile lines around the eye area.

Remove, Rebuild, Protect & Maintain

DMK Enzyme Therapy

Enzyme Therapy is a DMK signature treatment. DMK is the only company in the world to utilize the beneficial effects of transfer enzymes. Enzymes are biological catalysts of chemical reactions in the body. DMK Enzyme therapy is a non invasive, skin conditioning treatment which removes dead protein from the surface of the skin without harsh peeling. Specialised ingredients are used to aid increased circulation, lymphatic drainage, increase essential free water levels and enhance collagen.

Fundamental 90 mins £120.00

Includes a salon facial plus a 30 day supply of home prescriptives. Acne, Age Management or Pigmentation. A great way to get started on your DMK skin care journey.

Beginner Enzyme Facial 90 mins £55.00

Basic detox. Improves overall skin function.

Instant Lift 90 mins £75.00

Special occasion for an instant glow, great starter facial. Includes muscle banding.

The Complete Package 105 mins £90.00

A more advanced special occasion treatment for clients using DMK home prescriptives.

Enzyme Therapy Plus 105 mins £75.00

DMK Lifting & Toning

Muscle banding is the same as lifting weights at the gym to tone the muscles. The muscle banding techniques used in DMK lifting and toning treatments is applied from origin to insertion of the muscles. Building stronger, firmer, tissue.

Muscle Banding Facial £75.00

Utilising 3 different enzyme masks to target pigmentation, strengthening and lifting of the skin and muscle tissue.

LightFusion Phototherapy Treatments

The LightFusion LED device uses dual wavelengths, they emit both red & near infrared light at the same time. Both of these wavelengths stimulate the cellular processes within the skin to stimulate collagen production, increase the elasticity, create greater blood flow & tissue oxygenation which is essential for healthy skin. All the Phototherapy facials include the application of a hydrogel mask which contains firming Marine Collagen, soothing Green Tea, and healing Betaglucon. Because LightFusion produces no heat, it is suitable for all skin types and clinically proven to treat fine lines, hyperpigmentation, improve skin tone, texture and reduce inflammation.

LightFusion Express 30 mins £35.00

Quick brightening & hydrating treatment

LightFusion Radiance 50 mins £45.00

Includes additional vitamin c therapy.

LightFusion Rejuvenate 60 mins £55.00
